

## BIM Specialist

SHAKOPEE, MN - BISMARCK, ND

### Position description

The mission of the Building Information Modeling (BIM) Specialist is to efficiently create accurate BIM models and construction documents using Revit. This role will begin with a focus in our Agribusiness and Industrial Building Division which leads the company in constructing dry/liquid fertilizer storage, flat grain storage, and seed/chemical warehousing. The BIM Specialist participates in meetings and works closely with Business Development Team, Project Managers and Clients to ensure quality documents for proposals and construction of Agribusiness and Industrial facilities.

### Responsibilities

- Demonstrates a production mindset creating efficient and accurate production of construction documents and BIM models of building structures using Revit
- Develops, organizes, and prepares a variety of considerably complex layouts, drawings, and designs from written or verbal specifications, sketches and/or drawings
- Transforms initial rough product designs using computer aided design (CAD) into construction documents
- Develops and maintains CAD standards, drawing details and building/equipment block libraries for the Company
- Checks final drawing to verify completeness, clarity, and accuracy of drawing
- Assists in troubleshooting various CAD production technologies
- Provides intermediate training to technical personnel, as well as those interested in acquiring skills and knowledge of various CAD production technologies
- Performs other duties as assigned

### Qualifications

- Associate degree in Architectural Drafting and a minimum of two (2) years of computer-aided drafting experience, or a combination of education and/or experience may be considered
- Proficient in Revit, AutoCAD, Sketch-up, Microsoft Office, and Bluebeam
- Proficient in reading architectural plans and shop drawings, land surveys, reports, and analyses
- Results-orientated with proven ability to organize, plan and prioritize work to meet deadlines
- Able to work independently and apply sound judgment to complex projects and business challenges
- Excellent verbal, written, and presentation skills; communicates effectively with management, employees, customers, and vendors

**About  
Greystone**

At Greystone, we don't offer jobs. We offer careers. We offer ample opportunity for career advancement, rewarding work, and a family atmosphere. We offer an excellent benefits package to eligible full-time employees, including: competitive wages, 401(k) retirement plans, profit sharing, health insurance with options for Health Savings Account (HSA) and Flexible Spending Account (FSA), dental insurance, short and long term disability insurance, continuous training with a focus on safety, and more.

Greystone is a general contractor based in Shakopee, Minnesota with offices in Bismarck, North Dakota and Spirit Lake, Iowa. We provide design-build and general construction services to the commercial, industrial and agribusiness industries. We have been in business for 34 years and worked in 31 states.

We highly value the safety of all team members on our construction sites. We demonstrate integrity and value quality, collaboration, and client satisfaction. We also aren't afraid to have a little fun. Learn more at [www.GreystoneConstruction.com](http://www.GreystoneConstruction.com).
