

## Lead Commercial Carpenter

### Position description

The Lead Carpenter safely performs all carpentry and assigned tasks on job sites. Lead Carpenters are responsible in performing work to the highest quality and safety standards while also assisting less experienced team members. Lead Carpenters will report directly to the Foreman or Superintendent on site.

### Responsibilities

#### Essential Duties

- Maintain personal safety and ensure my operations allow for the safety of others around me
- General carpentry framing with wood and steel studs: ie: walls, stairs, roofs and floors
- Inspection and operation of hand and power tools
- Inspection and operation of aerial equipment, skid steers and forklifts
- Lead, teach, and oversee carpenters and laborers as tasks are being performed
- Ability to lead the crew for short durations in absence of the foreman
- Observing and enforcing utilization of all safety equipment following requirements of Greystone, OSHA and the Client
- Demolition
- Installation of windows, doors and hardware
- Assembly of bathroom partitions and accessories
- Modify and install cabinets and countertops
- Install and tape drywall
- Unload materials, store efficiently and stage jobsite for operations
- Maintain a clean and safe jobsite
- Perform other related duties as required

#### Knowledge and Abilities

- Ability to read and comprehend blueprints
- Knowledge of acceptable construction site practices including occupational safety and health regulations
- Ability to comprehend and follow complex direction
- Determine the kind of tools and equipment needed to complete each task assignment

- Must be comfortable with high intensity work environment
- High level of motivation, integrity, and commitment to team and customers
- Strong work ethic, decisive, ambitious, with an unwavering commitment to quality and professional work

## Qualifications

- 5 years previous carpentry experience
- Ability to travel to job sites as required
- Results-orientated with proven ability to organize, plan and prioritize work to meet deadlines
- Able to apply sound judgment and problem-solving skills to projects and challenges

## Working Environment / Physical Requirements

- Sitting, standing, walking un-even surfaces, climbing, kneeling, lifting up to 50 lbs on a regular basis and occasionally lifting up to 80 lbs
- Must be capable of working on job sites where temperatures and noise level can fluctuate, and the ability to see, hear, and verbally communicate with co-workers and clients as needed
- Must have near visual acuity to review written documentation
- Ability to wear job required Personal Protective Equipment

## About Greystone

At Greystone, we don't offer jobs. We offer careers. We offer ample opportunity for career advancement, rewarding work, and a family atmosphere. We offer an excellent benefits package to eligible full-time employees, including: competitive wages, 401(k) retirement plans, profit sharing, health insurance with options for Health Savings Account (HSA) and Flexible Spending Account (FSA), dental insurance, short and long term disability insurance, continuous training with a focus on safety, and more.

Greystone is a general contractor based in Shakopee, Minnesota with offices in Bismarck, North Dakota and Spirit Lake, Iowa. We provide design-build and general construction services to the commercial, industrial and agribusiness industries. We have been in business for 34 years and worked in 31 states.

We highly value the safety of all team members on our construction sites. We demonstrate integrity and value quality, collaboration, and client satisfaction. We also aren't afraid to have a little fun. Learn more at [www.GreystoneConstruction.com](http://www.GreystoneConstruction.com).
